

INVESTMENTS 2018-2019 | NEWS

Total value of investments: 3.970.000€

● MAZAK INTEGREX I-400ST

Turning and milling center for High-Precision Machining

- Turning and milling center
- 5-axis simultaneous machining
- Capacity of the machine :
 - Turning/milling: max. Ø 500 x 850 mm
 - 6-areas machining with opposed spindle
 - Bar form feed max. Ø 102 mm

● MAZAK INTEGREX I-630V –SMOOTHX

Turning and milling center for High-Precision

- Turning and milling center
- 5-axis simultaneous machining
- Capacity of the machine :
 - Turning/milling: max. Ø 1050 x 1000mm

● MAZAK VCN-530C – SMOOTHG

Vertical machining center

- Milling center
- Capacity of the machine :
 - Max. 1050 x 550 x 510 mm

● MAZAK VARIAXIS I-600 – SMOOTHX

Milling center for High-Precision

- Vertical milling center
- 5-axis simultaneous machining
- Capacity of the machine :
 - Milling: max. Ø 650 x 450 mm

● MAZAK I100 S

Turning and milling center for High-Precision Machining

- Turning and milling center
- 5-axis simultaneous machining
- Capacity of the machine :
 - Turning/milling: max. Ø 500 x 850 mm
 - 6-areas machining with opposed spindle
 - Bar form feed max. Ø51 mm

● MAZAK HCN4000

Milling center for High-Precision Machining

- Horizontal milling center
- 4-axis simultaneous machining
- Capacity of the machine :
 - Milling: max. Ø 630 x 900 mm

● SCHENCK ROTEC HL50 U

Hard-bearing balancing machine

- Length : 5250mm
- Weight range up to : 2500kg
- Max. load per pedestral : 1400 kg
- Max rotor diameter : 2500mm

● LABOREX R-15 RVS-W/E-2-T

Cleaning machine

- Max. Rotor diameter : 1300mm
- Loading area : 1180mm
- Max. load. : 750 kg
- Usable height : 660mm
